[1] We recommend to stay in her current group: wednesday 18:00 as it is a very strong group. Otherwise I can recommend trying a level 8 class (except the L8 on Wednesday at 19:00).

[2] Alina would be Level 2 (P1) from next school year according to her age group but we recommend level 3 as she is technically advanced enough.

[3] Our current level 5 is moving up to level 6. Our level 5 have made so much progress that they will be blending with some of level 6 from this school year which means they can join any level 6&7 class.

We have a level 6&7 class on
Monday at 18:00
Wednesday at 13:00
Friday at 18:00
Saturday at 13:00

[4] Amaya can move to a level 6 or level 7 class as she is technically advanced enough for either. We will leave it up to you to decide which level to join.

[8] The Wednesday level 7 group or any level 8 group would be our recommendation. Our level 6&7 groups are also strong so even those are a good option if the level 7 or 8 dont work for you.

[9] We recommend for Arwenn to join level 3 from next school year as she has joined later in the year and is missing important foundations to enter level 4 successfully. We can reevaluate in December to see if she can move up to level 4 from January.

[14] The Level does not represent that the student will be repeating the same material. Levels from Level 7+ are more to divide students into groups that will work best together for everyones progress. Each class is tailored to the students and all students are recommended the level where they will make the most progress.

[55] Sophie is currently with her age group (the online sign up should have been age 6 for this group) but has missed most of the school year and important foundations to move to level 4 successfully. It is best that she continues in Level 3 next school year to get her foundations in before moving to the next level.

[56] We are happy for Sophie to join level 7 or 8 as she is technically advanced enough to move to level 8. Level 7 is more her age group. We will leave it up to you to decide.

[57] We chose Level 5 to get more practice with basic steps as Tanya has joined Ballet later than her classmates. If Tanya strongly prefers to move up to level 6, we allow her to do so.

Please speak to Danai or Piri if you have any questions or concerns.

[59] Kerry-Anne feels confident that Victoria would make the most progress and will best fit into a level 4 group next school year. It is not her age group but technically it will be the most appropriate group for her. The teacher feels that Level 5 would be too challenging for her and she would not learn as much as she is missing some foundational technique.

[60] We recommend to stay in her current group: wednesday 18:00 as it is a very strong group. Otherwise I can recommend trying a level 8 class (except the L8 on Wednesday at 19:00).

[61] Zara can move to a level 6 & 7 class as she is technically advanced enough. We will leave it up to you to decide which level to join.

[62] Danai recommends repeating level 4 for Zelia. She finds that it would be better for her progress in ballet to spend a bit more time on the basics as most of her classmates have done ballet for longer. If she would like to stay with her group, she can move up to level 5 though. Level 4 is our recommendation but we will leave it up to you to decide.

[63] Any level 6&7 or level 7 class will be an option.
