

# Our Uniforms

## WHY WE REQUIRE A UNIFORM

As with all of our rules and requirements, uniforms are here to make our classes better for our students. We have noticed a big difference between classes where everyone wore the same uniform and those where different uniforms were allowed. When everyone wears the same uniform, there is greater focus (less distraction), more unity (less singled out) and more respect. Students take themselves and the class much more seriously in uniform.

## WHERE TO BUY THE UNIFORM

We have our own ballet shop online but you are not required to buy from us (as long as it meets our requirements). Why buy from us directly:

- Tax & Shipping fee from UK already included (free studio pick up)
- Correct Requirements
- Size exchange possible (if not yet worn)

Once you place your order online, your things will be prepared and ready for pick up at the studio for the following class (2-7 working days). Our ballet shop is intended to make your life easier. :)

**DECORATION:** No decoration on the shoes or tights are allowed, such as flowers or designs in other colors, palettes etc.
